1. Applicant's amendment, received 05 October 05, has been entered. In order to advance prosecution, Examiner has withdrawn the restriction. Withdrawn claims 6 and 18 are now allowed. Withdrawn claims 8-10 and 19-21 have been cancelled since they are now at least somewhat redundant to the parent claim. The abstract has been amended to bring it under 150 words.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 8-10 and 19-21 have been cancelled.

Starting on line 10 of the abstract and running to the end of the abstract, the last two sentences have been deleted; "The first cutting blade in the first operative.....moved in the cutting path."

3. Made of record but not making Applicant's invention obvious are four patents showing shiftable blades.
